The popularity of the A-10 Thunderbolt II in the 2007 Transformers film led to the toy company releasing a minor character named Wingblade that turned into an A-10.. The A-10 is one of the player-flyable aircraft in the 1989 video game U.N. Squadron. The aircraft is also featured in the 1989 video game A-10 Tank Killer. Since then, it has made appearances in the Ace Combat series.
