Although we might use the term in a different way in our everyday life (e.g., “Hey, he’s really got an attitude!”), social psychologists reserve the term attitude to refer to our relatively enduring evaluation of something, where the something is called the attitude object. The attitude object might be a person, a product, or a social group (Albarracín, Johnson, & Zanna, 2005; Wood, 2000).

The Time Machine is a science fiction novella by H. G. Wells, published in 1895. The work is generally credited with the popularization of the concept of time travel by using a vehicle or device to travel purposely and selectively forward or backward through time. The term "time machine", coined by Wells, is now almost universally used to refer to such a vehicle or device.

Corporate Social Responsibility. Corporate social responsibility refers to the approach that an organization takes in balancing its responsibilities toward different stakeholders when making legal, economic, ethical, and social decisions. Remember that we previously defined stakeholders as those with a legitimate interest in the success or failure of the business and the policies it adopts.
